

A97

Stadium LED perimeter display solutions

Key Benefits:

▶ Waterproof module

IP65 waterproof capability satisfies outdoor permanent application.

▶ Modular Design

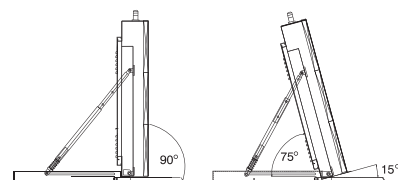

Individual waterproof module and power box lead to flexible applications.

Waterproof module

▶ Angle adjustable

Adjust freely to 75 or 90 degrees to ensure the best possible viewing angles. (Only available on size: 1280×960×150mm)

► **Convenient service**

Front and rear serviceable

Individual power box

► **Back-up data and power design**

Back-up data and power route makes sure display work well even when some modules out of work ;

► **Convenient supporting legs**

Parameters:

	Unit	Value
Visual Characteristics		
Pixel pitch:	mm	10
Brightness:	nit	5500
Refresh frequency:	Hz	≥2800
Gray scale :	level	65536
Pixel configuration:		3 in 1 SMD
Colors:		281 trillion
Viewing angle (H/V):	deg.	120/120
Ingress protection (Front/Rear):		IP65/IP54
Power consumption per sq.m. (max/avg):	w/sq.m.	555/185
Modular Characteristics		
Cabinet size (W×H×D):	mm	2560×960×150 / 1280×960×150 (optional)
Cabinet weight:	kg	90 / 45 (optional)
Cabinet material:		Aluminum
Pixel matrix per cabinet:	pixels	256x96 /128x96 (optional)
Environmental		
Input voltage (AC):	V	110 ~ 240 V
Operating temperature :	°C	-20 ~ + 50 °C
Signal input format(with video processor):		AV, S-Video, VGA, DVI, YPbPr, HDMI, SDI,DP

Applications:

Absen Stadium LED perimeter display is a winning option for sports advertising,as well as club gatherings etc.
